Program Implementation Planner

Determining Youth Participation Levels and Project Types

The number of children and youth participating in projects as well as the type and complexity of projects impacts operations and management.

Number participating

Total number participating in a project:

Selected groups participating (for example, ELLs, striving readers, poor grades):

Attendance, participation tracking

Is participation mandatory?	Yes ___	No ___
Is attendance or participation in projects recorded?	Yes ___	No ___
Is participation level or attendance part of the assessment or documentation?	Yes ___	No ___

Number of projects

☐ All participants on one project.

☐ Participants in committees or groups for subparts of a project.

☐ Each individual on a separate project.

☐ Small groups or committees on separate projects.

Location

☐ All project work on-site.

☐ Some project work on-site, some off-site.

☐ Most or all project work off-site.

☐ Transportation, security, and permissions needed.
